DETAILED ACTION

Reasons For Allowance

1. Claims 1-6, 8, 10-36 are allowed.

2. The following is an Examiner's statement of reasons for allowance:

The cited prior art taken alone or in combination fails to teach the claimed invention of a resource management system, as claimed by Applicant. Specifically, independent claims 1, 14, 22, 24, 33, 35, and 36 disclose devices that characterize corresponding resources and determining the relationship between corresponding resources where *the relationship* comprises the search for one of the resources.

The closest prior art of Mi et al, *A Meta-Model for Formulating Knowledge Based Models of Software Development* teaches resource management, but fails to teach or suggest devices that characterize corresponding resources and determining the relationship between corresponding resources where *the relationship* comprises the search for one of the resources. Only to the extent that this feature is not found in the prior art cited by Examiner, the present case is found allowable over the art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
